Volkswagen Financial Services UK announces Black Friday deals with Service Plan and All-in aftercare package discounts

Volkswagen Financial Services UK (VWFS) has given the green light to a variety of Black Friday deals on Service Plans, including the newest aftercare package: All-in.

The leading car finance provider launched the innovative aftercare plan with Volkswagen Group UK earlier this year to give customers whose vehicle is between 3–6 years old peace of mind, as well as save them time and money.

And to mark Black Friday this month, Volkswagen Financial Services UK can announce various Service Plan discounts for customers who drive an eligible Volkswagen Group brand vehicle.

From today (17 November) customers who drive a Volkswagen or SEAT between 3–6 years old are entitled to a 25% discount* on an All-in plan if they complete an eligibility check before 15 December, or 25% off* Service Plans on vehicles 1-15 years old.

Audi customers can also take advantage of a new winter offer that launched on 1 November and will run until 12 December. As part of this offer, customers can get 25% off* all Service Plans for vehicles up to 15 years old, including new and used car Service Plans, e-Tron plans, and All-in from Audi.

For people who drive a ŠKODA or Volkswagen Commercial Vehicle, customers can apply for a 20% discount* or 25% discount* respectively on a Used Car Service Plan if their vehicle is between one and 15 years old. ŠKODA customers also benefit from 20% off the All-in aftercare package for cars between 3-6 years old. This offer runs from 1 November until 30 November for ŠKODA, and from 25 November to 9 December for Volkswagen Commercial Vehicles.

All-in, the one-stop-shop aftercare package, can be paid for upfront or via monthly instalments and includes the customer's next two services, two MOTs, two years of Roadside Assistance and two years' warranty.

The All-in aftercare plan makes routine servicing and unexpected breakdowns easier to manage for customers, with all repairs carried out by highly-trained technicians from the brands' retailer networks using genuine parts.

The plan's various benefits are unlocked following a routine eligibility check (which must be completed and passed before the offer end date to benefit from the discount), and combine to give customers long-lasting peace of mind as well as significant overall savings versus buying all the elements separately.

MOTs and services can be completed in a single visit as part of the All-in plan, whilst the second service includes a full inspection too.

Additionally, the two years' Roadside Assistance (provided by the AA) covers drivers travelling both in the UK and across Europe and entitles customers to repatriation, alternative travel and hotel accommodation for the driver and up to seven passengers if needed.

Dan James, Marketing Director at Volkswagen Financial Services UK, said: *“I’m delighted that we’re able to offer customers these Black Friday discounts and I’m sure there are many bargain hunters out there who will be taking advantage of these offers. The beauty of the All-in aftercare plan, which we created in conjunction with the brands of Volkswagen Group UK, is that it offers simplicity, affordability and customer convenience. Our collective ambition has always been to make ownership as easy and simple for as many people as possible and the All-in plan does exactly that; it offers customers more certainty over future servicing and repairs.”*
